

Ian Zhang

Curriculum Vitae

Contact Information

Email: ianz.zhang@mail.utoronto.ca
Website: ian-zhang.com

Education

- MSc in Statistics**, University of Toronto 2026
- Advisor: Nancy Reid
 - Relevant coursework: Applied statistics, mathematical statistics, graduate probability, survival analysis, asymptotic statistics, statistical inference
- Honours BSc in Statistics/Mathematics**, University of Toronto 2025
- Advisor: Jun Young Park
 - Graduated with high distinction
 - Relevant coursework: Machine learning, stochastic processes, statistical inference, methods of multivariate data, real analysis, linear algebra, ordinary and partial differential equations, introduction to computer science and programming

Publications and Preprints

†: Corresponding Author; *: Equal contribution

Under Review

1. Michael A. Kouritzin, **Ian Zhang**[†], Jyoti Bhadana, Seoyeon Park 2024
Markov Processes for Enhanced Deepfake Generation and Detection
<https://arxiv.org/abs/2411.07993>

In Progress

1. Aditya Khan, **Ian Zhang** 2025
Parametric Hotspot Analysis with the Getis-Ord Statistic

Experience

- Graduate Research Assistant**, Baycrest Institute/University of Toronto 2025-Present
Supervisor: Malcolm Binns
- Summer Research Trainee**, McGill University 2025
Supervisor: Jianguo (Jeff) Xia
- Research Assistant**, University of Alberta 2023-2024
Supervisor: Mike Kouritzin

Teaching

Teaching Assistant

- MAT137: Calculus with Proofs** Fall 2025 & Winter 2026
STA302: Methods of Data Analysis I Fall 2025
STA437: Methods of Multivariate Data Winter 2026

Presentations

Talks

2025 SSC Annual Meeting in Saskatoon

2025

Presented *Markov Processes for Enhanced Deepfake Generation and Detection* in the Probability session.

Third Joint SIAM/CAIMS Annual Meetings

2025

Presented *Markov Processes for Enhanced Deepfake Generation and Detection* in the Machine Learning and Stochastic Processes session.

Posters

The Thirteenth Annual Canadian Statistics Student Conference

2025

Presented *Comparing Exact and Approximate Inference for Spatial Autocorrelation Tests: A Power Analysis*.

Honours and Awards

Anna & Alex Beverly Memorial Fellowship

2025

Awarded by University College (University of Toronto) for general proficiency during my undergraduate degree.

NSERC Undergraduate Student Research Award (x2)

2023, 2024

Awarded by the University of Alberta to research Markov process methods for deepfake generation and detection.

Jack Zwaigenbaum Scholarship

2022

Awarded by University College (University of Toronto) for academic excellence in my first year of undergraduate studies.

Dean's List Scholar (x4)

2022, 2023, 2024, 2025

Awarded by the Faculty of Arts and Science (University of Toronto) for maintaining academic excellence every year of my undergraduate degree.

Grants

CSSC Travel Grant

2025

Awarded to full-time Canadian students presenting a poster or giving a talk at the Canadian Statistics Student Conference.

Services

Conferences

Session chair, 2025 Third Joint SIAM/CAIMS Annual Meetings

Chaired the “Machine Learning and Stochastic Processes” session.

Other

Citizenship: Canadian

Languages Spoken: English (native), Mandarin (native), Japanese (intermediate)

Memberships: Statistical Society of Canada
